REMINDER: 2013 SHARS Cost Report Training Requirement

Annual Training Opportunity

The second SHARS Cost Report Training session for **federal fiscal year 2013** (October 1, 2012 to September 30, 2013) will take place on January 23, 2014. Attending this training session will meet the mandatory training requirement for federal fiscal year 2013.

Health and Human Services Commission (HHSC) recommends that each independent school district (ISD) have no less than two trained SHARS contacts each so as to guard against problems that could occur due to employee turnover. Access within the State of Texas Automated Information Reporting System (STAIRS) is limited to view only until all training requirements have been met.

IMPORTANT: ISDs need to be aware that until such time that a SHARS Financial Contact attends the required training, they will be unable to complete and submit a SHARS cost report for federal fiscal year 2013.

Please note SHARS Overview trainings may be presented at other related training sessions, however the SHARS Overview and Random Moment Time Study (RMTS) trainings do not meet the SHARS cost report training requirement. Cost report training is provided at no charge by the HHSC Rate Analysis Department. Refer to the following link for information regarding the training schedule, registration and materials:
