

**TEXAS HEALTH AND HUMAN SERVICES
COMMISSION
RATE ANALYSIS DEPARTMENT**

**Proposed Medicaid Payment Rates for Licensed
Midwife Services in a Birthing Center**

Payment rates are proposed to be effective January 1, 2013.

SUMMARY OF PROPOSED MEDICAID PAYMENT RATES

Effective January 1, 2013

Included in this document is information relating to the proposed Medicaid payment rates for Licensed Midwife Services in a Birthing Center. The rates are proposed to be effective January 1, 2013.

Hearing

HHSC will conduct a public hearing to receive comments regarding the proposed Medicaid rates detailed in this document on November 15, 2012, at 1:30 p.m. in the Lone Star Conference Room in Building H of the Braker Center, at 11209 Metric Boulevard, Austin, TX 78758-4021, with entrance through Security at the front of the building facing Metric Boulevard. HHSC will consider concerns expressed at the hearing prior to final rate approval. This public hearing is held in compliance with the provisions of Human Resources Code §32.0282 and 1 TAC §355.105(g), which require a public hearing on proposed payment rates. Should you have any questions regarding the information in this document, please contact:

Background

The Health and Human Services Commission (HHSC) is responsible for the reimbursement determination functions for the Texas Medicaid Program. Proposed rates are calculated utilizing established methodologies that conform to the Social Security Act and related federal regulations, the federally approved Texas Medicaid State Plan, all applicable state statutes and rules, and other requirements. HHSC reviews the Medicaid reimbursement rates for all acute care services every two years and clinical laboratory services are reviewed annually. These biennial reviews result in rates that are increased, decreased, or remain the same. The reviews are unrelated to any rate reduction imposed by the legislature but rather conducted to ensure that rates continue to be based on established rate methodologies.

Methodology

The specific administrative rules that govern the establishment of the fees in this proposal include these rules in Title 1 of the Texas Administrative Code (1 TAC):

- §355.8081, which addresses payments for laboratory and x-ray services, radiation therapy, physical therapists' services, physician services, podiatry

services, chiropractic services, optometric services, ambulance services, dentists' services, psychologists' services, licensed psychological associates' services, maternity clinic services, and tuberculosis clinic services;

- §355.8085, which addresses the reimbursement methodology for physicians and other medical professionals; and
- §355.8181, which addresses the birthing center reimbursement.

The reimbursement rates proposed reflect applicable reductions directed by the 2012-2013 General Appropriations Act, H.B. 1, 82nd Legislature, Regular Session. Detailed information related to specifics of the reductions can be found on the Medicaid fee schedules.

Proposed Rates

Section 2301 of the Affordable Care Act (ACA) requires states to provide Medicaid reimbursement to all provider types defined as birth attendants by state law. Texas defines birth attendant as a “physician, certified nurse midwife (CNM), or licensed midwife (LM).” LMs are licensed in Texas by the Department of State Health Services. The proposed fees for LMs are based on 70 percent of the rate for the same professional service provided by a physician.

Proposed payment rates are listed in the attachments outlined below:

Attachment 1 – Licensed Midwives
