Physician Administered Drugs (Xolair)**

**Payment rates are proposed to be effective
July 1, 2013.**

SUMMARY OF PROPOSED MEDICAID PAYMENT RATES

Effective July 1, 2013

Included in this document is information relating to the proposed Medicaid payment rates for Physician Administered Drugs (Xolair). The rate is proposed to be effective July 1, 2013.

Hearing

HHSC will conduct a public hearing to receive comments regarding the proposed Medicaid rate detailed in this document on May 15, 2013, at 1:30 p.m. in the Brown Heatly Public Hearing Room, at 4900 North Lamar, Austin, TX 78751, with entrance through security at the front of the building facing Lamar Boulevard. HHSC will consider concerns expressed at the hearing prior to final rate approval. This public hearing is held in compliance with the provisions of Human Resources Code §32.0282 and 1 TAC §355.105(g), which require a public hearing on proposed payment rates. Should you have any questions regarding the information in this document, please contact:

Background

The Health and Human Services Commission (HHSC) is responsible for the reimbursement determination for the Texas Medicaid Program. Proposed rate is calculated utilizing established methodologies that conform to the Social Security Act and related federal regulations, the federally approved Texas Medicaid State Plan, all applicable state statutes and rules, and other requirements. HHSC reviews the Medicaid reimbursement rates for all acute care services every two years and clinical laboratory services are reviewed annually. These biennial reviews result in rates that are increased, decreased, or remain the same. The reviews are unrelated to rate reduction imposed by the legislature, but rather conducted to ensure that rates continue to be based on established rate methodologies.

Methodology

The specific administrative rules that govern the establishment of the fees in this proposal include this rule in Title 1 of the Texas Administrative Code (1 TAC):

- §355.8081, which addresses payments for laboratory and x-ray services, radiation therapy, physical therapists' services, physician services, podiatry

services, chiropractic services, optometric services, ambulance services, dentists' services, psychologists' services, licensed psychological associates' services, maternity clinic services, and tuberculosis clinic services; and

- §355.8085, which addresses the reimbursement methodology for physicians and other medical professionals.

The reimbursement rate proposed reflects applicable reductions directed by the 2012-2013 General Appropriations Act, H.B. 1, 82nd Legislature, Regular Session. Detailed information related to specifics of the reductions can be found on the Medicaid fee schedules at <http://public.tmhpc.com/FeeSchedules/Default.aspx>.

Proposed Rate

The proposed rate is based on 92 percent of Medicare fee.

Proposed payment rate is listed in the attachment outlined below:
