### **Background**

HHSC is responsible for the reimbursement determination functions for the Texas Medicaid Program. Proposed rates are calculated utilizing established methodologies that conform to the Social Security Act and related federal regulations, the federally approved Texas Medicaid State Plan, all applicable state statutes and rules, and other requirements. The proposed reimbursement rates were determined in accordance with proposed rules developed in response to direction received from the 2016-2017 General Appropriations Act (Article II, House Bill1, 84<sup>th</sup> Legislature, Regular Session, 2015), including increases described in the Special Provisions Relating to all Health and Human Services Agencies, Sec. 58. Proposed rules were published in the June 26, 2015, issue of the *Texas Register*.

### **Methodology**

The specific administrative rules that govern the establishment of the fees in this proposal include these rules in 1 TAC:

- §355.8061, which addresses payment for outpatient hospital services.

### **Proposed Rates**

Rural hospital outpatient imaging services will be reimbursed according to the outpatient hospital imaging service fee schedule, with an add-on to the fee schedule that is stair-stepped. Fees will not exceed 100 percent of Medicare fees.

Proposed payment rates are listed in the attachment outlined below:
