Background

HHSC is responsible for the reimbursement determination functions for the Texas Medicaid Program. The proposed rate adjustments presented in this document are based on direction provided by the 2016-2017 General Appropriations Act, 84th Legislature, Regular Session, Article II, Rider 50, at pages II-96 through II-98 (Health and Human Services Section, Health and Human Services Commission).

Methodology

The specific administrative rules that govern the establishment of the fees in this proposal include these rules in 1 TAC:

- §355.201(d)(1)(A) and (D), which authorize HHSC to adjust rates for medical assistance if state law is enacted requiring a rate reduction or restricting the availability of appropriated funds.

- §355.8021, which addresses the reimbursement methodology for home health services and durable medical equipment, prosthetics, orthotics, and supplies;
- §355.8085, which addresses the reimbursement methodology for physicians and other practitioners;
- §355.8441, which addresses the reimbursement methodology for Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) services (known in Texas as Texas Health Steps).

Proposed Rate Adjustments

As indicated above, the proposed rate adjustments are based on direction provided by the 2016-2017 General Appropriations Act, 84th Legislature, Regular Session, Article II, Rider 50, at pages II-96 through II-98.

Proposed rate adjustments were calculated based on an analysis of Medicaid fees paid by other states and previous Texas Medicaid payments for Medicaid-reimbursable therapy services. Where current Texas Medicaid rates exceed 150 percent of the median of other states' rates for the same service, a percentage reduction is applied. An alternative percentage reduction is applied to Texas Medicaid rates that do not exceed 150 percent of the median of other states' rates for the same service and in cases where information on other states' rates is not available.

Specific proposed payment rate adjustments are listed in the attachments outlined below:

- Att 1 – CORFORF Therapies
- Att 2 – HHA Therapies
- Att 3 – Independent Therapists
